npm, yarn

SPA

OOP

firebase

Responsive WEB design

Figma

PROFILE

My name is Evgenia.
I am 27 years old. I dedicated 9 years to medicine and decided to change my field of activity. I graduated from Front-end and React courses at The Rolling Scopes School.

I easily assimilate information, learn quickly, can switch from one task to another easily, and enjoy handling non-standard situations. I am stress-resistant, calm, and ready to take action.

I am looking for a job or internship in Front-end development. I am interested in reactive technologies, especially React.

LANGUAGES

Russian,
English - B2,
French - B1
Polish(beginner)
